

Download Children Bible Lesson On Esther

AIM: The 'Esther Expects the Best' Childrens lesson on Esther is a lesson that can be used on its own or within the 'Heroes of Faith' VBS or teaching series. It teaches children that to have faith means to expect the best of ourselves, God and others. Today's Esther Bible lesson is for grades 1 & 2, but I have used it for K-5. For this lesson, I set up the room like the inside of a palace, and we act it out. This is the first Bible lesson in a series of 10 that walk a child through the book of Esther and valuable lessons learned from her life. These were first intended for Children's Church but could be modified for a Sunday School lesson about Esther. Being a Christ-follower can be difficult because sometimes we might be persecuted for what we believe. Use this Esther Bible lesson to teach children that God gives us faith and courage to handle any situation when we trust entirely on Him., Children Bible Lesson On Esther.
