ABSTRACT: The globalization of business, the shift from production-based to a knowledge-based economy, the growth of information communications technology (ICT), the strive to become learning organizations and the emergence of the needs for knowledge workers have made knowledge management practice a must today across all types and levels of firms (Chong, 2005). In an evolving workplace, there is a growing trend suggesting end-of-year performance reviews are no longer effective. To remedy this, some companies have decided to utilize software to improve their process.
