

Download Feels Like The First Time Destiny Bay

Feels Like the First Time is the second and apparently final book in Marina Adair's Destiny Bay series. There's no hint of a 3rd book on her website a year after this book was released and other than Ali's sister Bridget there weren't any candidates to be the main characters in a future book. I've read plenty of Marina Adair books over the past few months and while I enjoyed this little series of 2 books I can't say it will rank among my all time favorites. Adair's second book in the Destiny Bay series is touching, and oh-so-tantalizing!"?
