Your guinea pigs are built to move, and floor time is the perfect way to give your guinea pig just what he or she craves: a time for fun and discovery. Photo courtesy of Happy Cavy fan pyza\* Guinea pigs are always eating. Whether it's pellets, grass hay, daily greens, or the occasional fruit snack, it may often seem like your guinea pig is born to eat (and create magic beans). Guinea pigs are social animals that naturally live in groups. While it's best to have more than one guinea pig in your home at a time, this is not always possible.
