

Download Irrigation From The San Joaquin River

The Sacramento–San Joaquin River Delta, or California Delta, is an expansive inland river delta and estuary in Northern California. The Delta is formed at the western edge of the Central Valley by the confluence of the Sacramento and San Joaquin rivers and lies just east of where the rivers enter Suisun Bay. Welcome to South San Joaquin Irrigation District. In 1909, the South San Joaquin Irrigation District was established to provide a reliable and economical source of irrigation water for agricultural use in, and surrounding rural areas of Escalon, Manteca and Ripon. TID Water & Power is your community owned, not-for-profit irrigation water and electric utility serving Central California since 1887. History. San Joaquin County was one of the original United States counties of California, created in 1850 at the time of statehood. The county was named for the San Joaquin River which runs through it., Irrigation From The San Joaquin River.
