

Download On The Making Of Gardens

By Anna Mullen, Digital Media Associate. School gardens are one of the three core elements of farm to school programs, and the benefits of these green spaces are endless. Gardens create positive learning environments, increase children's willingness to try new fruits and vegetables, and serve as a valuable tool for engaging students in a number of academic subjects. Garden Making helps you make beautiful, healthy home gardens by providing useful, practical ideas and information about garden design, planting plans, plants to grow, and tips to enjoy your garden. Gardening in full shade and dry soil is a challenge. Tips on how to cope, with ideas for 8 plants that will survive in dry and shady gardens. March 14, 5:30 to 6:30 p.m. Please join us as Director, Ed Lyon, shares the most recent enhancements, improvements and additions to Reiman Gardens as part of our new master site plan.
