With two of my favorite authors involved, I knew I would enjoy the anthology "Playing Easy to Get." The first of three novellas was Sherrilyn Kenyon's "Turn Up the Heat." This offering is loosely tied in to her Bad Agency series, but only just-barely. The Vikings Underground book series by multiple authors includes books The Hunted, Tie Me Up, Tie Me Down, Playing Easy to Get, and several more. See the complete Vikings Underground series book list in order, box sets or omnibus editions, and companion titles. Books like Playing Easy to Get (B.A.D.
