Many good answers have already been posted to this question, but I believe we really are missing an important one - namely, the illustrated answer. Societal collapse is the fall of a complex human society. Such a disintegration may be relatively abrupt, as in the case of Maya civilization, or gradual, as in the case of the fall of the Western Roman Empire. Profitability trees are a special kind of issue tree, that is created with the sole intent of analyzing the profits of a company. And here's why they're so important: Quantum Reality and Cosmology overviews quantum entanglement and the cosmological processes shaping both the fundamental wave-particle forces of nature and the universe at large., Problem Breakdown Tree Real Life Examples.
