

# Download Reduce Reuse Recycle Water

Reduce, Reuse, Recycle, also known as the 3Rs of recycling, are the three ways in which you can minimize the impact on the environment caused by the materials that you use in your everyday life. Here is how you can begin to reduce, reuse and recycle. Recycle City. Explore Recycle City to learn how its residents reduce waste, use less energy, and even save money by doing simple things at home, at work, and in their neighborhoods. (All ages) Top of Page As per Missouri Department of Natural Resources, "The three R's – reduce, reuse and recycle – all help to cut down on the amount of waste we throw away. They conserve natural resources, landfill space and energy. Plus, the three R's save land and money communities must use to dispose of waste in landfills. Reduce, reuse, recycle! In this lesson, we will explore the three Rs of reducing solid waste. We will also investigate examples of each of the three Rs, and how people can do their part to help ...
