The Art and Science of Teaching Orientation and Mobility to Persons with Visual Impairments Second Edition William Henry Jacobson Index. About-face procedure, 86–87, 142The mission of Teaching Students with Visual Impairments is to provide all persons involved in the student's education with the necessary resources they need to help each student become successful members of their communities and to equip those in the vision field with a readily available resource to meet the wide range of needs of the students they serve. INSTRUCTIONAL STRATEGIES FOR BRAILLE LITERACY Diane P. Wormsley and Frances Mary D'Andrea, Editors REPRINTS Determining the Reading Medium for Students with Visual Impairments: A Diagnostic Teaching Approach* Visual impairment, also known as vision impairment or vision loss, is a decreased ability to see to a degree that causes problems not fixable by usual means, such as glasses. Some also include those who have a decreased ability to see because they do not have access to glasses or contact lenses. Visual impairment is often defined as a best corrected visual acuity of worse than either 20/40 or ...
