

# Download The Pacific Crest Trail Exploring Americas Wilderness Trail

Larabee and Mann's book, *The Pacific Crest Trail: Exploring America's Wilderness Trail* will make you want to get out there. It's not just the prose, which is appropriately awe-stricken. It's not just the history, which is surprisingly fascinating. It's the photos. Filling up many of the book's 10"-by-10" pages, they capture the monumentality of the six national parks and 48 congressionally-designated wilderness areas through which the trail winds in California, Oregon and Washington state. *The Pacific Crest Trail: Exploring America's Wilderness Trail*, published by the Pacific Crest Trail Association and Rizzoli New York, was released Oct. 11. Mark Larabee, the PCTA's associate director of communications and marketing and Barney Scout Mann, former PCTA board member, tell how this 2,650-mile trail from Mexico to Canada came to be. The first illustrated book by the Pacific Crest Trail Association, this is the third book in Rizzoli New York's bestselling trail series. It follows the 2013 National Outdoor Book Award Winner, *The Appalachian Trail*, and New York Times bestseller *America's Great Hiking Trails*. This video is unavailable. Watch Queue Queue. Watch Queue Queue, *The Pacific Crest Trail Exploring Americas Wilderness Trail*.
